RE: Woods, et al. v. Horn, et al.

Dear MS. D'Andrea,

Please be advised that I am responding to this Honorable Court's July 31, 2001 Order, which denied both my Request for Appointment of Counsel, and Request for a Temporary Preliminary Injunction.

Now as I have read the Order, if I am correct it seems as though this Honorable Court's is not aware of my "1983" Civil Suit Action which was submitted to the Honorable Court's on April 24, 2001. Or is it that The Hon. Judge William W. Caldwell is not aware of my April 24, 2001 Civil Action under Carlos Chico Woods, and Dwight Denmark, et al., v. Martin F. Horn, et al. Please let me know which of the above is the problem that the Honorable Court is having problems with. In the meanwhile forward a copy the Complaint which I submitted to the Honorable Court on April 24, 2001, I have enclosed.

a Copy of That Complaint To be forwarded To him For his
 / Review.

Now Ms. D'Andrea; I have also enclosed an Original
 Petition For a Temporary Preliminary Injunction, as requested
 by The Hon. Caldwell in his July 31, 2001 Order. This Temporary
 Preliminary Injunction will be filed as part of my Civil 19
 Action which was filed with This Honorable Court's on April
 24, 2001.

Once again; I am asking you to inform The Honorable
 Judge William W. Caldwell, That My Request For Counsel
 was also sought for my 1983 Action, because of The
 Major Complications which This case involves. For example
 right now, My Life is in grave danger, and I don't have
 Lawyer or family member that I can contact to assist
 me in getting out of This grave danger that I am presently
 in, in which I am being denied Medical Care for a
 illness which I am suffering from, it's called H. pylori
 which causes ulcers and other defects in the stomach
 and if not properly treated, can cause serious bodily
 injury which leads to possible permanent injury, even
 death which is a well known fact. At this very moment
 I am suffering major pain in The upper chest area, The belly,
 Migraine headaches. I'm also having Fainting spells, a
 nausea, and irritable Biles. I am seriously ill as

you can see, and I am going to need immediate appointment of Counsel, so that he can get an immediate order from the Court's ordering that the respondents release ~~me~~ all my medical files to the hospital, so that they can properly test me, and treat me for my present conditions, before I end up like the rest of the inmates who were being denied the same proper medical treatment as me, they all died, and upon a proper investigation by the Federal Government this information will surface. So please forward my Request for Temporary Preliminary Injunction to the Court's or Hon. Judge Caldwell for immediate action. Thanks for your time and consideration in this matter.

P.S. AS you can see, I AM being denied legal access to the prison law library, and the Court's as well, so please accept my letter and Request for Injunctive Relief as written.

DATED: August 04, 2001

Respectfully submitted
X. Carlos C. Woods
